Disclaimer

All written materials, communications, surveys and initiatives undertaken by IIGCC are designed solely to support investors in understanding risks and opportunities associated with climate change and take action to address them. Our work is conducted in accordance with all relevant laws, legislation, rules and regulations including data protection, competition laws and acting in concert rules. Participants in any initiative will not be asked
for and must not disclose or exchange strategic or competitively sensitive information or conduct themselves in any way that could restrict competition between members or their investment companies or result in members or the investment companies acting in concert. These materials serve as a guidance only and must not be used for competing companies to reach anticompetitive agreements. IIGCC’s materials and services to members do not include financial, legal or investment advice. The IIGCC and its members are committed to complying with all laws and regulations that apply to them, including antitrust and other regulatory laws and regulations and the restrictions on information exchange and other collaborative engagement that said laws and regulations impose. On this basis, while the information and suggested disclosures listed in this Guidance would assist members with their assessments, IIGCC recognises that companies cannot disclose information that is not publicly available and is considered to be competitively sensitive information by such company. IIGCC’s materials and services to members do not include financial, legal or investment advice.

This material was developed in collaboration with a number of IIGCC members but does not represent the views of all members, either individually or collectively.
